

CHCP Museum Youth Leadership Project

Student Docent Program

Mission:

Promote, Educate, and Preserve Chinese and Chinese American history and culture in Santa Clara County for Students through the REACH (Remembering and Enriching Asian Cultural History) initiative while serving as Student Docents at the Chinese American Historical Museum (CAHM) located in the replica Ng Shing Gung Building.

Purpose:

1. Develop an interest in the history of Santa Clara Valley among the area's high school/college students, and to allow them to see how various ethnic minority groups have played a vital role in the development of the Valley.
2. Focus the interest in the history of the early Chinese immigrants to Santa Clara Valley, and how their contributions affected the early immigrants, but also the society in general.
3. Give the high school/college students of Santa Clara Valley a greater understanding and familiarity with Chinese-American cultural practices, traditions, and history.
4. After training (either from formal classes or equivalent informal instruction), allow the high school/college students to assist at the Chinese American Historical Museum (CAHM), at the replica Ng Shing Gung building, at History San Jose (HSJ). The students would assist at specific venues of the Museum, under the leadership of the Museum Docents.
